9 AOB

Checking 10 card rule for captains can be do either in the pro shop or office of your club. I spoke with Ipswich admin first, who were happy to help, so I sent in an email explaining the requirements and received the appropriate information.

Individuals can check their own via How did I do app or which ever their club uses for score submissions.

There was a discussion around the impact on smaller clubs, the fact that older players are not putting cards in, technology phobia and weather impact during the spring.

It was emphasised that 9 hole cards are perfectly acceptable.

Division Meetings – Stowmarket suggested moving to Wednesdays or alternating with weekends. Weekends had been used this year to align ourselves with England Golf inclusivity guidelines. Will look at in end of year review of competitions.

A discussion was then held on maximum score competitions. Aldeburgh had held some and felt it encouraged more participation.
